

## EdUSA Connects Webinars January 2011 – *Research Choices*

EducationUSA is helping students find the information they need to apply and be accepted at U.S. universities. In January, a series of webinars will focus on **Research Choices** – strategies that help students do the research to find the universities that are right for them.

Each one-hour session will begin with a general overview of the subject, followed by a ten-minute presentation from a U.S. university representative. Then it will open up to Chat Questions and Answers (Q&A) where participants can ask questions online for the remainder of the hour. Please use the link below to join the Live Presentation. Each session will also be saved onto the website, so you can view the presentation at a later time.
